Lord of the Flies

The tribe was dancing. Somewhere on the other side of this rocky wall there would be a dark circle, a glowing fire, and meat. They would be savoring food and the comfort of safety.

Brave New World

We could synthesize every morsel of food, if we wanted to.

Nineteen Eighty-Four

He was getting, he judged, three meals in the twenty-four hours; sometimes he wondered dimly whether he was getting them by night or by day. The food was surprisingly good, with meat at every third meal.

The Time Machine

Fruit, by the by, was all their diet. These people of the remote future were strict vegetarians, and while I was with them, in spite of some carnal cravings, I had to be frugivorous also.

UTOPIAS

Gulliver's Travels

My servants were astonished to see me eat it bones and all, as in our country we do the leg of a lark. Their geese and turkeys I usually ate at a mouthful, and I confess they far exceed ours. Of their smaller fowl I could take up twenty or thirty at the end of my knife.

Utopia

They cultivate their gardens with great care, so that they have both vines, fruits, herbs, and flowers in them; and all is so well ordered and so finely kept that I never saw gardens anywhere that were both so fruitful and so beautiful as theirs.

They never sup without music, and there is always fruit served up after meat; while they are at table some burn perfumes and sprinkle about fragrant ointments and sweet waters.

The City of the Sun

The old people use the more digestible kind of food, and take three meals a day, eating only a little. But the general community eat twice, and the boys four times, that they may satisfy nature. The length of their lives is generally 100 years, but often they reach 200.

Herland

The breakfast was not profuse, but sufficient in amount and excellent in quality. We were all too good travelers to object to novelty, and this repast with its new but delicious fruit, its dish of large rich-flavored nuts, and its highly satisfactory little cakes was most agreeable. There was water to drink, and a hot beverage of a most pleasing quality, some preparation like cocoa.
